

eRA Commons Release Notes

Version 2.8.4.1

General Enhancements

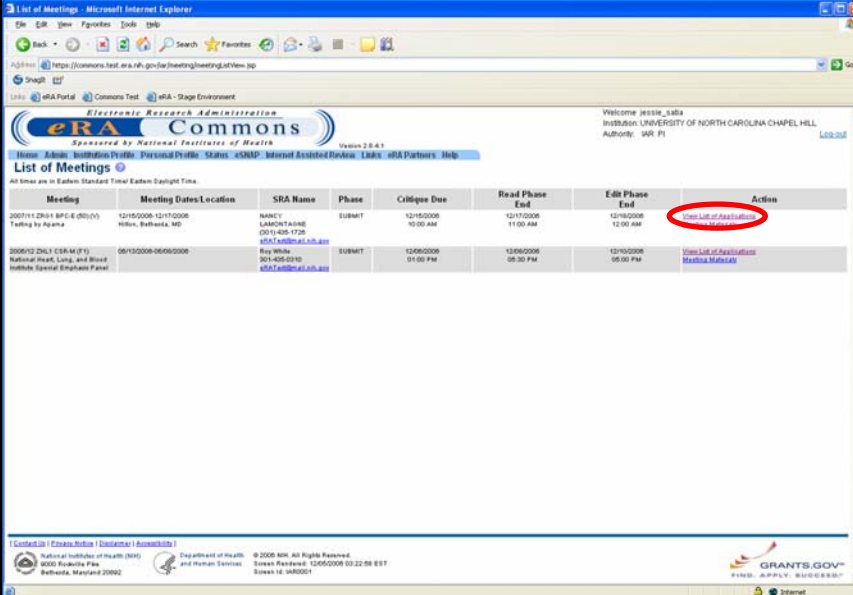

Performance

This patch release of Commons will correct defects and implement enhancements from the November 17th enterprise release of Commons 2.8.3.2.

Internet Assisted Review (IAR)

List of Applications

Reviewers are now able to view the **List of Applications** in any phase of a meeting by clicking the **View List of Applications** hyperlink.

Submitting Scores and Critiques

The **List of Applications** screen will now display for a reviewer who is blocked and submits a score but not a critique. Reviewers will no longer receive a Commons systems error.

When submitting just a score but not a critique, the reviewer will have the option to resubmit the score and critique in any of the following formats:

1. The score and the critique.
